US Made

TRANQUIL[®]

Demountable Wall System

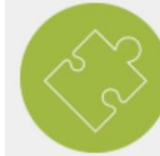

ADAPT[™]

GLASS WALLS

Removable & Reuseable

As your demands change, Adapt walls can be removed and reused.

Field-Fit Assembly

Installers can easily modify our assemblies to conform with on-site requirements during the initial installation, and as future demands require reconfiguration.

Dual Or Single Pane

Choose elegant center mounted single plane glass, or take advantage of the superb sound control of dual pane glass.

Flexible Frame Options

Frames available in a variety of powder coat finish options as well as the standard clear anodized aluminum finish.

TRANQUIL[®]

ACCESS[™] ACOUSTIC WALLS

- Aluminum frame
- 5/8" gypsum wall
- Patented Gyp clip to secure panels
- Power options

Quiet

Our wall systems boast STC (Sound Transmission Class) ratings from 44 to 46 depending on the system used. Conversations stay confidential behind our walls.

Power Where You Need It

Access walls can accommodate standard hard wired outlets or our plug and play electrical system.

Removable & Reusable

As your demands change, our walls can be removed and reused.

Field-Fit Assembly

Installers can easily modify our components to conform with on-site requirements during the initial installation, and as future demands require reconfiguration.

Non-Progressive Design

Access wall systems utilizes a proven non-progressive assembly design utilizing our patented Tranquil Gyp Clip[™]. Individual panels can be removed for easy access to power and cabling, or for quick replacement of damaged panels.

Clerestory Ready

Combine with our Adapt framed glass wall components for beautiful clerestory.
